

# Field Day 2025

One June 28 & 29 the Kishwaukee Amateur Radio Club will be participating in Field Day. The Club will be operating at Russel Woods, located at 11750 State Rte. 72, Genoa, IL 60135

Setup will begin on Saturday, June 28 at 0900 with actual operations starting at 1200. Operation will continue until Sunday, June 29 at 1200.

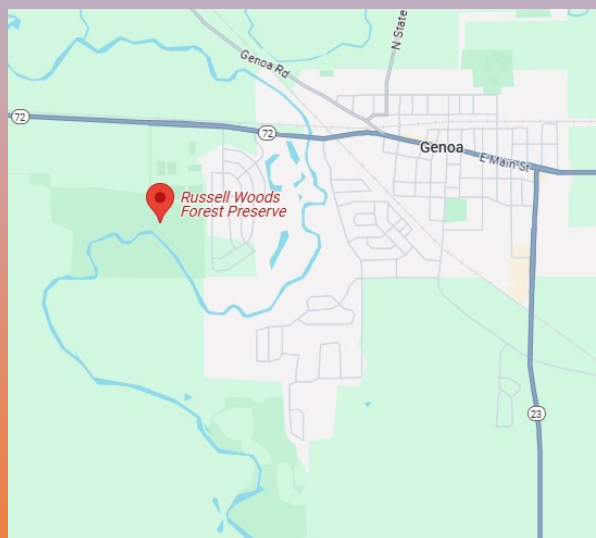

The Club will be operating various modes including SSB, CW, and some digital modes on 6M, 10M, 15M, 20M, 40M, and 80M.

The Club will supply all equipment and everyone is welcome to come out and watch OR jump on a radio and try your luck. The FCC allows unlicensed operators under the supervision of a licensed operator (Control Operator).

This year we are operating in a nice cabin so weather won't be a problem. We will be operating throughout the night so there will be plenty of time for everyone to operate.

The Club will be providing bottled water for everyone but you will have to provide your own food and beverages other than water. No Alcohol is allowed. It is recommend that you bring a backup roll of TP just in case.

There are grills available if you bring your own charcoal.
